

## Career Objective

Aspiring full-stack developer with a strong foundation in web development, data-driven applications, and cloud-based solutions. Proficient in Python, Django, JavaScript, SQL, and MongoDB. Seeking opportunities to contribute to dynamic software projects while continuing to develop professionally.

---

## Technical Skills

- **Programming Languages:** Python, JavaScript, Java, HTML, CSS
  - **Frameworks:** Django, Bootstrap
  - **Data Analysis Tools:** NumPy, Pandas, Matplotlib, Seaborn, Microsoft Excel
  - **Databases:** SQL (PostgreSQL), MongoDB
  - **Version Control:** Git, GitHub
  - **Cloud Platforms:** AWS
- 

## Projects

### E-commerce Website (Django)

- Developed a robust eCommerce platform featuring product listings, cart functionality, and user authentication.
- Integrated a secure payment gateway and admin panel for seamless order and inventory management.
- Achieved a 15% reduction in page load time by optimizing backend queries.

### Car Selling Platform (Django)

- Designed and developed a car-selling platform allowing users to browse, filter, and purchase vehicles.
- Enhanced user experience with a mobile-responsive UI using Bootstrap.
- Leveraged MongoDB for faster data storage and query handling, improving database performance by 25%.

## Personal Portfolio

- Created an interactive and visually appealing portfolio website using HTML, CSS, and JavaScript.
- Showcased skills, projects, and achievements effectively through dynamic elements.

### Sales Dashboard ([Power BI](#))

- Designed and developed a dynamic sales dashboard to visualize key metrics.
  - Presented insights effectively using filters, drill-throughs, and interactive charts.
-

## Internship Experience

### Web Development Intern

*Cognifyz Technologies*

**December 2024 – January 2025**

- Developed web applications and contributed to the design and implementation of features.
  - Demonstrated strong coordination and communication skills to collaborate effectively with team members.
  - Focused on learning and improving attention to detail in web development tasks.
  - Received positive feedback for enthusiasm, dedication, and quick adaptability to new challenges.
- 

## Education

### Bachelor of Commerce

S.P. College, Pune | Savitribai Phule Pune University

(Expected Graduation: 2025)

---

## Certifications

- **IBM:** Python for Web Development
  - **GitHub:** [All Certifications](#)
