

Aryan Sanjay Pote

Data Analyst | Python

aryanpote2@gmail.com | +91 8182037272 | [LinkedIn](#) | [GitHub](#)

CAREER OBJECTIVE

Aspiring data analyst with a foundation in data-driven applications, business intelligence tools, and statistical analysis. Proficient in Python, SQL, and Excel, with experience in data visualization and insights generation. Seeking to contribute to impactful data analytics projects and drive business decisions through data.

PROJECTS

Sales Dashboard ([Power BI](#))

- Designed and developed an interactive sales dashboard to visualize key performance indicators, including revenue, profit margins, and customer demographics.
- Integrated multiple data sources, optimized queries, and enabled stakeholders to derive actionable insights.
- Reduced data processing time by 20% through efficient data modeling.

E-commerce Data Analysis

- Analyzed customer purchasing behavior using Python libraries like Pandas and Seaborn.
- Provided actionable insights into product trends, leading to a 10% increase in targeted marketing effectiveness.
- Automated data cleaning processes, improving efficiency by 30%.

EDUCATION

Bachelor of Commerce

S.P. College, Pune | Savitribai Phule Pune University

(Expected Graduation: 2025)
